

# RiteStart® Men

ALL-IN-ONE NUTRITION FOR MEN

## RiteStart–Exclusive Anti-Aging Pack for Men

RiteStart Men from 4Life is a combination of nutrients like no other. Named for what it does, this comprehensive supplement pack is designed to help you get your day off to a "right start." RiteStart includes one of the best immune system support products available today, and is a perfect complement to your overall wellness program.

Like the foundation of a house, this all-in-one men's pack provides the base from which to build a healthy life. Specifically designed with men's health in mind, RiteStart Men is far more than a daily multivitamin and mineral supplement. It features 4Life Transfer Factor Plus® Tri-Factor™ Formula to effectively support your immune system and a proprietary Men's Health Blend to meet the needs of the male body. Its complete formula, which also includes essential fatty acids, full-spectrum antioxidant power, and additional essential nutrients, makes RiteStart one of the best and most unique wellness products available today.

### Key Points

- **Specific Nutrition for Men:** Men's and women's bodies are different, and thus have different needs. RiteStart Men features nutrients that promote a healthy prostate, along with a perfect balance of vitamins, minerals, and antioxidants specific for optimal male health.
- **4Life Transfer Factor Plus Tri-Factor Formula:** This Formula provides 4Life's highest level of immune system support—shown to boost immune system function by 437 percent.<sup>1</sup> It brings together the **intelligence** of 4Life Transfer Factor® and the **intuition** of NanoFactor™ with a proprietary Cordyvant™ blend to help regulate, boost, and balance... according to what your body needs.
- **Essential Fatty Acids:** Essential fatty acids (EFAs) are vital to your body and must be supplied through food or supplementation. EFAs are required to support healthy cellular production and blood pressure levels. They also support healthy joints, flexibility, and healthy mental development and acuity.\*
- **Antioxidant Protection:** Each packet provides a great source of antioxidants. RiteStart features multiple antioxidants including vitamins A, C and E, OPC (pycnogenol) sources such as pinebark and grapeseed extracts and other sources such as bilberry, lutein, CoQ10, alpha-lipoic acid and zinc. A well-rounded product like RiteStart provides optimal health support.
- **Life C:** Are all vitamin C's equal? No way! Exclusive to 4Life, this multi-form of vitamin C provides maximum benefits. Life C contains seven forms of vitamin C that are absorbed into your cells efficiently, providing increased health support.\*
- **Hyaluronic Acid:** Found abundantly in cartilage and synovial fluid when we are young, hyaluronic acid's main function in the body is to cushion and lubricate the joints. Over time, our bodies produce less and less hyaluronic acid. RiteStart provides hyaluronic acid in each twice-daily dose.

### Did you know?

Transfer factors are molecules found within the bodies of all mammals and birds. Transfer factors provide immune **intelligence** and promote the immune system's ability to recognize, respond to, and remember invaders seeking to threaten health.

Nanofractions are low-weight molecules found in cow colostrum and chicken egg yolks. They possess natural **intuition** and help immune cells know when to act, how to act, and when to rest.

Surveys conducted by the National Institute of Health show that 75 percent of Americans do not consume the recommended daily intake of essential vitamins and minerals.

Calcium d-glucarate assists the body in removing toxins, a process called detoxification.

### Technical Points

- RiteStart contains 25 vitamins and minerals, 4Life Transfer Factor Plus Tri-Factor Formula, essential fatty acids, full-spectrum antioxidants, calcium d-glucarate, soy isoflavones, and other essential nutrients.
- NanoFactor is 4Life's proprietary extraction of tiny nanofractions from cow colostrum. NanoFactor has the ability to help regulate the immune system so that it stays in balance and reacts appropriately.
- Lutein is a powerful antioxidant shown to help support eye health.
- Coenzyme Q10 plays a crucial role in the generation of cellular energy and healthy circulation. In addition, this powerful antioxidant plays a significant immunological role in supporting the cardiovascular system.\*

### ORDERING INFORMATION

Item # 26506  
60 packets / 30-day supply

**DIRECTIONS:** Take two (2) packets daily. Take each packet with 8 oz of fluid and with morning and evening meals.

**Serving Size:** One (1) Packet  
**Servings Per Container:** 60

### Supplement Facts

Amount Per Packet	%DV*
Vitamin A (as 25% retinyl palmitate and 75% as beta carotene) (from <i>Blakeslea trispora</i> extract)	5,000 IU 100%
Vitamin C (Life C® as calcium ascorbate, ascorbic acid, ascorbyl palmitate, erythorbic acid, magnesium ascorbate, calcium/dehydroascorbic acid, ascorbigen)	250 mg 417%
Vitamin D (as cholecalciferol)	200 IU 50%
Vitamin E (as d-alpha tocopheryl acetate, including alpha, beta, gamma, delta, gamma tocopherols)	108 IU 360%
Vitamin K (phytonadione)	13 mcg 16%
Thiamin (as thiamin mononitrate)	2 mg 133%
Riboflavin	2 mg 118%
Niacin (as niacinamide)	13 mg 63%
Vitamin B6 (as pyridoxine hydrochloride)	3 mg 150%
Folate (as folic acid)	200 mcg 50%
Vitamin B12 (as cyanocobalamin)	9 mcg 150%
Biotin (d-biotin)	150 mcg 50%
Pantothenic Acid (as d-calcium pantothenate)	13 mg 130%
Calcium (as calcium carbonate, calcium amino acid chelate, calcium citrate)	163 mg 16%
Iron (as iron amino acid chelate)	5 mg 28%
Iodine (as potassium iodide)	38 mcg 25%
Magnesium (as magnesium oxide, magnesium amino acid chelate)	50 mg 13%
Zinc (as zinc amino acid chelate, monomethionine)	20 mg 133%
Selenium (as l-selenomethionine)	100 mcg 143%
Copper (as copper amino acid chelate)	0.5 mg 25%
Manganese (as manganese amino acid chelate)	1 mg 50%
Chromium (as chromium amino acid chelate)	120 mcg 100%
Molybdenum (as molybdenum amino acid chelate)	20 mcg 27%
Boron (as boron citrate)	1 mg **
Vanadium (as bis (glycinate) oxovanadium)	10 mcg **
<b>4Life Transfer Factor Tri-Factor™ Formula</b>	<b>150 mg **</b>

**Transfer Factor E-XF™**  
A patented concentrate of transfer factors and other natural components from cow colostrum and egg yolk.

**NanoFactor™**  
A proprietary blend of nano-filtered cow colostrum.

**Cordyvant™ Proprietary Polysaccharide Complex** 440 mg \*\*

IP-6 (inositol hexaphosphate)	
Soya bean Extract (phytosterols)	
Cordyceps sinensis (7% cordycepic acids)	
Beta-Glucan (from baker's yeast)( <i>Sacharomyces cerevisiae</i> )	
Beta-Glucan (from Oat)( <i>Avena saliva</i> )	
Agaricus blazei Extract	
Mannans (from Aloe vera)(leaf)	
Olive Leaf Extract ( <i>Olea europaea</i> )	
Maitake Mushroom ( <i>Grifola frondosa</i> )(whole plant)	
Shiitake Mushroom ( <i>Lentinus edodes</i> )(whole plant)(5:1 extract)	

#### Essential Fatty Acids (EFAs)

Alpha Linolenic Acid (ALA) (from organic flax seed oil) (Lunum usitatissimum)(seed)	138 mg **
Gamma Linolenic Acid (GLA)(from borage seed oil) (Borago officinalis)(seed)	35 mg **
Eicosapentaenoic Acid (EPA)(from fish oil)	33 mg **
Docosahexaenoic Acid (DHA)(from fish oil)	22 mg **
Conjugated Linoleic Acid (CLA)(from sunflower seed oil) (Helianthus annuus)(seed)	122 mg **

#### Proprietary OPC Blend (Oligomeric Proanthocyanidins) 50 mg \*\*

Grape Seed Extract (with Oligomeric Proanthocyanidins)(*Vitis vinifera*)(seed)

Pinebark Extract (with Oligomeric Proanthocyanidins)(*Pinus maritima*)(bark)

#### Proprietary Antioxidant Blend 68 mg \*\*

Lutein and Zeaxanthin (Tagetes erecta)(petals)

Bilberry (25% anthocyanidins)(*Vaccinium myrtillus*)(fruit)

Coenzyme Q10

Alpha Lipoic Acid

Catechins (Camellia sinensis)(leaf)

Rutin

#### Men's Health Blend 116 mg \*\*

Soy Isoflavones (including concentrations of genistein and genistin)(from soy extract)(*Glycine max*)(seeds)

Sulforaphane (from broccoli)(*Brassica oleracea*)(sprout)

Diindolyl Methane (DIM)

Quercetin

Curcumin (from turmeric)(*Curcuma longa*)(root)

Lycopene (Lycopersicon esculentum)(fruit)

#### Proprietary Blend (OTHER ANTI-AGING NUTRIENT SUPPORT) 61 mg \*\*

Calcium d-Glucarate

N-Acetyl Cysteine

Ginkgo biloba (leaf)(24% ginkgo flavon glycosides, 6% terpene lactones)

Hyaluronic Acid

Tocotrienols (from palm oil)

1. Test results obtained from two independent NK cell studies conducted by Dr. Anatoli Vorobiev, head of Immunology, at the Russian Academy of Medical Science. The blind studies tested 4Life Transfer Factor E-XF (the primary ingredient in Tri-Factor Formula) and other immune system products.
