

# enummi® Restoring Eye Cream

## Nutrient-rich moisturizing eye cream

## Say goodbye to wrinkles, dark circles, and puffiness

A point comes in every person's life when laugh lines are simply not funny. As a generation that enjoys taking care of their bodies and feeling young, there's nothing wrong with wanting to look young. Fortunately, 4Life has you covered.

enummi Restoring Eye Cream is scientifically formulated to protect, smooth, firm, moisturize and brighten the delicate skin around the eyes. With the protection of 4Life Transfer Factor, this product won't force you to choose between softening wrinkles, reducing dark circles, or restoring moisture to your skin. It does it all! Combining the patented support of Transfer Factor E-XF with a dense concentration of antioxidants, vitamins, trace minerals, firming agents, skin brighteners and moisturizers, this nutrient-rich cream will help keep you looking your best.

## Key Points

- **Nutrient Rich:** enummi Restoring Eye Cream provides the renewing benefits of 4Life's patented Transfer Factor E-XF along with powerful antioxidant protection from vitamins A, C, and E. This nutrient-rich combination promotes healthy, younger looking skin by promoting collagen production and helping skin maintain elasticity. It also helps brighten and firm the delicate skin around your eyes as well as combat the effects of environmental damage caused by the sun and pollution. It also contains amino acids that help form the building blocks for proteins needed in skin repair and rejuvenate skin cells.
- **Anti-wrinkle:** In addition to time-tested ingredients that promote more youthful, healthy skin, enummi Restoring Eye Cream is also fortified with the latest advancements in skin care technology found to help soften the appearance of fine lines and wrinkles around the eyes. Acetyl Hexapeptide-3 (also known as Argireline) is a synthesized peptide that displays anti-wrinkle results by blocking the transmitter from the muscle to the skin, keeping skin relaxed and smooth. It also helps reduce the depth of existing expression lines often occurring around the eyes. Ceramide 2 is another ingredient shown to stimulate cell function and promote the repair of age related skin damage, supporting a smoother, more firm appearance.
- **Firm and brighten:** Multiple ingredients known to brighten the skin under the eyes and help reduce swelling are blended in enummi Restoring Eye Cream, including an antioxidant peptide complex and N-hydroxysuccinimide that help reinforce firmness and tone surround the eye area and activate the elimination of pigments that cause dark circles and puffiness.
- **Essential moisture:** Maintaining soft, velvety skin requires essential moisture. Essential fatty acids, phospholipids, sodium hyaluronate, glycerin and other key ingredients are blended in enummi Restoring Eye cream to promote the skin's natural ability to absorb and retain moisture needed for a smooth, radiant look and feel.

## enummi Restoring Eye Cream

**Directions:** For best results, gently apply Restoring Eye Cream one or more times daily.

**Ingredients:** Water, Squalane, Acetyl Hexapeptide-3, Glycerol Stearate, PEG-100 Stearate, Butylene Glycol, Cetearyl Methicone, Dimethicone, Linoleic Acid, Glycine Soja (Soybean) Sterols, Phospholipids, Cetearyl Alcohol, C12-15 Alkyl Benzoate, Tribehenin, Ceramide 2, PEG-10 Rapeseed Sterol, Palmitoyl Oligopeptide, Cyclopentasiloxane, Cyclohexasiloxane, Ethylhexyl Palmitate, Silica Dimethyl Silylate, Caprylyl Glycol, Phenoxyethanol, Hexylene Glycol, Sodium Hyaluronate, Glycerin, Steareth-20, N-Hydroxysuccinimide, Chrysin, Palmitoyl Tetrapeptide-7, Transfer Factor E-XF™, Vitamin C, Vitamin A, Vitamin E, Disodium EDTA, Sodium PCA, Betaine, Sorbitol, Glycine, Alanine, Proline, Serine, Threonine, Arginine, Lysine, Glutamic Acid, Xanthan Gum, Hydrogenated Lecithin, Ammonium Acryloyldimethyltaurate/VP Copolymer, Behenyl Alcohol, Sandalwood Extract, Amur Corktree Bark Extract, Barley Extract, Tetrahexyldecyl Ascorbate,

## Did you know?

- The delicate skin around the eyes contains almost no oil or sweat glands, so it is one of the first areas to show signs of aging. Under-eye stress often shows up as dark circles, fluid retention (puffiness), wrinkles (crow's feet) and dryness. Because this skin area does not produce oils in the same concentration as the rest of the face, it requires specific care and nourishment to look its best.

Bisabolol, Sodium Hydroxide, *Gossypium Herbaceum*, Mica, Titanium Dioxide, Sorbic Acid, *Camellia Sinensis* (White Tea) Leaf Extract, Fragrance.

---

## Technical Points

- The composition combining transfer factors from cow colostrums and chicken egg yolks are protected by U.S. patent 6,866,868.
- Enummi Restoring Eye Cream is free of potentially harmful preservatives and additives (no parabens).
